PROFESSIONAL SUMMARY

Driven and multi-dimensional Computer Science and Engineering undergraduate bridging tech innovation with real-world human needs. Combines technical capability across Artificial Intelligence, Machine Learning, and Full-Stack Development with a founder's mindset. Currently contributing to impactful AI workflows as an **Intern at Vicharanashala Lab (IIT Ropar)**. Proven track record of execution through founding InvenKart and engineering crowdsourced ecosystem platforms, layered with an intrinsic passion for creative content generation and analytical problem-solving.

EDUCATION

Engineering College Bharatpur	2024 – 2028
<i>Bachelor of Technology (B.Tech), Computer Science & Engineering</i>	CGPA: 8.78
Antariksha Academy Senior Secondary School	2023
<i>Class XII (CBSE/State Board)</i>	Percentage: 78.6%
Holy Mother Public Secondary School	2021
<i>Class X (CBSE/State Board)</i>	Percentage: 93.0%

EXPERIENCE

AI, Machine Learning & Open-Source Development Intern	May 2026 – Present
<i>Vicharanashala Lab, IIT Ropar</i>	
- Architecting real-world AI and Machine Learning models focused on direct educational and community impact frameworks. - Leveraging Python, SQL, and Deep Learning to optimize automated workflows. - Exploring Large Language Models (LLMs) to build context-aware, practical software bridges. - Developing backend elements and model inferences utilizing TensorFlow and PyTorch. - Actively contributing to open-source codebases, fostering collaborative technology growth.	

FEATURED PROJECTS

AI-Driven Farmer Query Intelligence System	View Project
Tech Stack: Python, Scikit-learn, NLTK, Pandas, TF-IDF, Machine Learning, NLP, Google Colab	
- Designed a smart agricultural engine analyzing multi-category farmer queries (weather, pests, market distribution). - Engineered full NLP text preprocessing workflows combined with Multinomial Naive Bayes classification. - Built a cosine similarity retrieval engine to dynamically match historical localized farm recommendations.	
CSFAQ (Crowd-Sourced FAQ Platform)	<i>VINS Connect (Team CS49)</i>
Tech Stack: React, TypeScript, Node.js, Express.js, Firebase Firestore, JWT, Tailwind CSS	
- Co-created a centralized peer-to-peer student response system for the Vicharanashala internship grid. - Implemented secure authentication and precise **Role-Based Access Control (RBAC)** matrices. - Streamlined knowledge management by scaling crowd-voted answers into permanent institutional wikis.	

Focus: Product Roadmapping, Hyperlocal Market Validation, Operations, Architecture Strategy

- Envisioned and spearheaded a localized inventory hub connecting community buyers directly with neighborhood shops.
- Meticulously strategized the business model canvas, documentation milestones, and brand messaging loops.
- Iterated features directly via user-feedback loops to maximize regional product-market fit.

TECHNICAL SKILLS

Languages:	Python, C++, Java, C, SQL
AI/ML & Data:	Machine Learning, Deep Learning, NLP, LLMs, TensorFlow, PyTorch, Power BI
Web Stack:	React.js, Node.js, Express.js, TypeScript, MongoDB, Firebase Firestore, Tailwind CSS
Core Concepts:	Data Structures & Algorithms (DSA), Object-Oriented Programming (OOPs), DBMS

CREATIVE PURSUITS & LEADERSHIP

- **Visual Storytelling:** Produce original digital media and self-portrait photography narratives using structured environmental compositions.
- **Creative Writing:** Author contemporary Hindi poetry and Shayari focused on themes of resilience and community.
- **Digital Trust Management:** Coordinate web operations and digital media presence for the *Shree Murari Lal Dulari Devi Charitable Trust*.
- **Head Organizer**, College Freshers' Party 2025 (Chaired organizational logistics & layout dynamics).
- **Volunteer Engagement:** Active contributor to the National Service Scheme (NSS) and Unnat Bharat Abhiyan.

CERTIFICATIONS

- Google – Intro to AI & Maximize Productivity with AI Tools | NVIDIA – Fundamentals of Deep Learning
- Job Simulations: JPMorgan Chase (Software Eng.) | Deloitte Australia (Data Analytics) | Tata (Cybersecurity)
